FOR IMMEDIATE RELEASE

HERMES LLC, Health Education Research, Management and Epidemiologic Services, a small woman-owned business located at 331 Cape Fear Boulevard in Wilmington, is now certified as a HUBZone small business by the U.S. Small Business Administration.

HERMES opened its home office in Wilmington last fall and has an office in Research Triangle Park. In 7 years of operation, HERMES has secured funding from governmental agencies as well as commercial sources and established an ongoing relationship with the Office on Women's Health and the National Institute of Mental Health.

HERMES was founded in December 2002 by Dr. Danielle Laborde, an epidemiologist, to offer public health research consultancy services. In establishing HERMES, Dr. Laborde was joined by colleagues in biostatistics, health education, research project management, training, and monitoring and evaluation with strong ties to universities and communities in New Hanover and Research Triangle area.

HERMES LLC specializes in applied research services, epidemiologic study design, community-based participatory research, health education, biostatistics and statistical programming, and monitoring and evaluation. To learn more about HERMES, go to www.hermesllc.com or call 910-375-5454.
